SUMMARY

Detail-oriented Software Engineer with hands-on experience in Manual Testing, Automation Testing, Machine Learning, SQL, Python, and Data Analytics. Skilled in Selenium WebDriver, Java, TestNG, SDLC, STLC, API Testing, SQL, and Power BI. Completed internships in both QA Testing and Data Science, gaining practical experience in software quality assurance, machine learning model development, automation, and data analysis. Strong analytical, debugging, and problem-solving skills with a passion for building reliable software solutions.

Education

PDEA'S College of Engineering Manjari BK (SPPU), Pune

Sep 2021 – May 2025

Bachelor of Information Technology

7.69 CGPA

GRP Sabnis Jr. College (Science), Narayangaon, Pune

Aug 2019 – May 2021

Higher Secondary School Certificate

78.00%

Shri Vighnhar Vidyalay, Ozar, Pune

Jun 2018 – May 2019

Secondary School Certificate

77.00%

Technical Skills

- 1) Testing:** Manual Testing, Automation Testing, Functional Testing, Regression Testing, Smoke Testing, Sanity Testing, UI Testing, API Testing, Test Case Design, Bug Reporting, SDLC, STLC
- 2) Automation Tools:** Selenium WebDriver, TestNG, Maven, Page Object Model (POM), Data-Driven Framework, Hybrid Framework
- 3) Programming Languages :** Java ,Python ,SQL, HTML, CSS
- 4) Machine Learning Data Analytics:** Machine Learning, TensorFlow, Keras, OpenCV, Pandas, NumPy, Matplotlib, Data Preprocessing, Data Analysis, Power BI, Advanced Excel
- 5) Tools:** Git/GitHub, VS Code, Jupyter, Streamlit, Google Colab
- 6) Database:** MySQL

Internship

1. Cybage Software Private Limited

Jun 2025 – September 2025

QA Testing Intern

- Performed Manual Testing and Automation Testing for web applications.
- Created and executed test cases and test scenarios.
- Automated basic test scripts using Selenium WebDriver with Java.
- Conducted Functional, Regression, and UI Testing.
- Reported defects and tracked bug fixes with development team.

2. Virtusky IT Pvt Ltd

Dec 2023 – March 2024

Data Science - ML Intern

- Developed and trained deep learning models using TensorFlow for real-world applications.
- Implemented an object detection system to enhance accuracy in image-based search tasks.
- Gained hands-on experience in data preprocessing, model evaluation, and optimization.

Projects

E-Commerce Website Manual Testing |

October 2025

- Analyzed requirements and created detailed test cases for modules like Login, Registration, Product Search, Cart, and Checkout.
- Performed functional, UI, and usability testing on the application.
- Executed test cases and documented results (Pass/Fail).
- Identified and reported bugs with clear steps, severity, and priority.
- Validated input fields and handled edge cases (invalid data, empty fields), Performed regression testing after bug fixes, Ensured application meets user requirements and quality standards.

Vendor Performance Analysis | *SQL, Python, Power BI, Excel*

February 2025

- Analyzed vendor performance data to evaluate key metrics such as on-time delivery rate, order fulfillment, defect rate, and cost efficiency.
- Extracted, merged, and cleaned data from multiple database tables using SQL to create an aggregated vendor performance table.
- Performed Exploratory Data Analysis (EDA) using Python (Pandas, Matplotlib) to identify trends, underperforming vendors, and improvement opportunities.
- Outcome: Improved visibility into vendor performance and enabled data-driven procurement decisions.

Parkinsons Disease Prediction System | *Python, ML Algorithm, Streamlit Community Cloud*

October 2024

- Data Collection and Preprocessing Gather relevant data features like age, speech patterns, motor skills, and symptoms.
- Train a machine learning model (e.g., Random Forest, SVM) and evaluate performance.
- project contributes to a proactive approach in managing Parkinson's Disease, aiming to enhance patient quality of life and improve outcomes.

Leadership / Extracurricular

NSS

Aug 2023 - May 2025

Volunteer, Coordinator

- Organized and managed various Events and Participated in NSS camps contributing to social welfare initiatives.

ITSA-Committee

Sept 2024 - May 2025

Member

- Organized and managed various technical and non-technical events such as Tech Quizzes, Games and Debates.

Strengths

- Quick Learner • Problem Solving • Attention to Detail • Team Collaboration • Analytical Thinking

Hobbies / Interests

- Automation Testing • AI Machine Learning • Software Quality Assurance • Generative AI • Data Analytics • Fitness • Trekking
